As soon as your membership application is processed, you will receive a detailed welcome pack containing details on court access as well as information on all of the playing and social opportunities that the club offers.

WE LOOK FORWARD TO WELCOMING YOU

The small print.....

- Membership is offered on an annual basis, in this case to March 2018.
- Monthly Standing Order payment is allowed only for the convenience of members.
- It is recognised that new members that join part the way through the year do not receive the full benefit of membership for that particular year. The club also has a desire to encourage new members to join whenever it suits and is convenient to them. Therefore, membership is available at any point in the year, with the annual fee due reflecting the proportion of the year remaining as follows:
 - New members that join in April will be due to pay the full annual membership.
 - New members that join in May will be due to pay 11/12ths of the annual membership.
 - New members that join in June will be due to pay 10/12ths of the annual membership
 -and so on
- Membership fees may be paid either by establishing a Standing Order for payment from the month of joining or by making payment in full for the remaining part of the year.
- Membership will be deemed to begin as and when individuals start to make use of the courts.
- Temporary memberships may be granted at the discretion of the Committee in special circumstances (for example, for students at home on vacation or for people that are only temporarily resident in the area). The cost of such temporary memberships will be proportionate to the cost of an annual membership. Such memberships must be paid in full.
- Returning members are welcome. Where returning members have previously given up their membership during the period of a membership year, they will be asked to make payment for their first year's membership in advance.
